

Introduction to Team-Based Care

The Introduction to Team-Based Care course helps the learner better understand how to work in a multidisciplinary care team and in collaboration with the patient. Open to all members of the practice to gain foundational knowledge in Team-Based Care. Introduction to Team-Based Care will include:

- Why, What, Who and How: Team-Based Care
- Care Management Process
- Outcomes and Triple AIM
- Billing Applications

**This course is required for all care team members new to their role to bill PDCM codes.*

Successful Course Completion includes:

- Attendance at the entire course. If attending live virtual, you must have audio and see the live slides
- Completion of the course post-test: need to have a score of 80% or greater
- Completion of the course evaluation

For additional details, please visit:

[Michigan Institute for Care Management and Transformation \(MICMT\) website](http://michiganinstitute.org/micmt)
